SUMMARY

B. Tech IT student, graduating in 2027, with a strong academic background in Data Structures and Algorithms and practical experience in **Full Stack Web Development**. Skilled in building end-to-end scalable web applications using technologies such as **MongoDB, Express.js, React, and Node.js**. Adept at **writing clean, efficient code and applying core programming principles** to solve real-world problems. Experienced in collaborating on technical projects and actively participating in coding competitions.

EDUCATION

Jaipur Engineering College and Research Centre, Jaipur	2023-2027
B. Tech in Information Technology	CGPA: 8.33/10.0
Vivekanand Sanskar Senior Secondary School, Gangapur City	2019-2020
Class XII, RBSE	Percentage: 79.40%
Vivekanand Sanskar Senior Secondary School, Gangapur City	2021-2022
Class X, RBSE	Percentage: 76.83%

TECHNICAL SKILLS

- Web Development:** HTML, CSS, JavaScript, React.js
- Programming Languages:** C, C++, Python
- Frameworks & Tools:** Node.js, Express.js, Git, GitHub, VS Code
- Databases:** MongoDB, MongoDB Atlas

PROJECTS

- Travel Destination Website** | *HTML, CSS, React.js, node.js, Express.js, MongoDB,* [GitHub](#) **2024-2025**
 - Designed and developed a fully responsive travel destination site with **login & signup functionality**, showcasing 50+ locations with **dynamic search and filter features**.
 - Integrated **image galleries, reviews, and booking links**, increasing user engagement and **boosting session duration by 30%**.
- Weather App** | *HTML, CSS, JavaScript, Open Weather API* [GitHub](#) **2024-2025**
 - Built a real-time weather dashboard using **Open Weather API** to display temperature, humidity, and forecasts for any city worldwide.
 - Implemented **error handling and location-based search**, improving usability and ensuring **100% accurate query results**.
- Pomodoro Timer** | *JavaScript, HTML, CSS* [GitHub](#) **2024-2025**
 - Developed a **productivity timer** following the Pomodoro technique with **customizable work/break intervals**.
 - Added audio notifications, session counter, and responsive design, **helping users improve focus and boost productivity by 25%**.

LEADERSHIP

- Operations Lead – SOCH Club:** Managed a team of 30+ members, streamlined event operations, and improved event success rate by 25%.
- Smart India Hackathon (SIH) Participant:** Collaborated with a 6-member team to design and prototype a solution under strict deadlines.

ACHIEVEMENTS

- Smart India Hackathon:** Selected to represent JECRC and contributed to a real-world problem solution prototype.
- Full Stack Web Development Internship – Upflairs Pvt. Ltd.:** Built and deployed scalable **MERN stack apps** and **integrated REST APIs**.
- Python Programming Certificate – Kaizen Innovation:** Strengthened backend logic and improved problem-solving skills.
